Annelies de Bosch Kemper has been a Senior Associate since 2007. From 2000 to mid 2026, she was an attorney-at-law at V.O. Before she joined V.O., she worked as an attorney-at-law for an office that had a more general commercial practice. She studied civil and business law at Leiden University and is specialized in intellectual property law.

Annelies offers legal advice to our clients and provides litigation support. Her practice concentrates on IP law, contract law (IP contracts) and patent restitution proceedings. Due to her generalistic approach, she also has a keen eye for overlaps with other fields of law, such as tort, insolvency law, labor law and debt collection. As all V.O.'s lawyers, she is well aware that legal advice needs to be both accurate and practical.

In addition, Annelies is head of the Assignments and Clientrecords Department of V.O. and principal supervisor to trainee lawyers. She is also member of the editorial board of V.O.'s newsletter and the V.O. China Desk.
