Frits Michiels

Life Sciences

European and Dutch Patent Attorney,
Valuation specialist
Partner

Frits Michiels has had an extensive scientific career in both knowledge institutes and biotech companies. From 2004, he was employed as IP manager at Galapagos Genomics BV and subsequently also at other Dutch biotech startups, such as Agendia and Merus. He has worked for V.O. since 2006.

He is specialized in biochemistry, molecular biology, cell biology, diagnostics, signal transduction, and medical biotechnology. His clients are primarily knowledge institutes and start ups. He is involved in patent prosecution and strategic advice.
