

‘I help clients develop intellectual property strategies that support their innovation and business objectives.’

Jetze Beeksma

Life Sciences

European and Dutch Patent Attorney, European Patent Litigator
Partner

T +31 20 530 79 93
j.beeksma@vo.eu

Jetze Beeksma advises life sciences companies and research institutions on the strategic protection and enforcement of intellectual property in the field of biotechnology and pharmaceuticals.

He works with clients throughout the patent lifecycle, from patentability assessments to drafting and worldwide patent prosecution. Jetze also regularly advises on patent validity and infringement matters, and is frequently involved in high-stakes patent disputes before the EPO, national courts and the Unified Patent Court. This experience informs his strategic advice across the full patent lifecycle. Clients value his responsiveness and his ability to translate complex technology into clear and practical patent strategies. He joined V.O. in 2014
